

Overview of the outcomes of the Nagoya Biodiversity Summit

**Wednesday, 10 November 2010, 10h00–12h00
International Environment House II**

The tenth meeting of the Conference of the Parties (COP 10) to the Convention on Biological Diversity (CBD) was held from 18-29 October 2010, in Nagoya, Japan, gathering over 7,000 delegates. Following intense, late-night sessions marked by numerous parallel deliberations, and up-to-the minute negotiations on Access and Benefits Sharing (ABS), the strategic plan and resource mobilization strategy, an impressive "package" was adopted: the Nagoya Protocol on Access to Genetic Resources and the Fair and Equitable Sharing of Benefits Arising from their Utilization; the CBD Strategic Plan for the period 2011-2020; and a decision on activities and indicators for the implementation of the Resource Mobilization Strategy. The meeting adopted other decisions and established clear steps to increase cooperation among the Rio Conventions leading up to the Rio+20 Summit.

You are cordially invited to attend this event providing an overview of the outcomes of the Nagoya Biodiversity Summit delivered by high-level representatives of UNEP, MEAs, Governments and NGOs on the outcomes of the Nagoya Biodiversity Summit.

AGENDA
