Join World Environment Day Celebration in Geneva

WORLD ENVIRONMENT DAY

The UN General Assembly designated 5 June as World Environment Day (WED) in 1972, marking the first day of the landmark Stockholm Conference on the Human Environment. Through decades of WED celebrations, millions of people from all over the world and from all sectors of society have taken part in environmental action.

2016 THEME

This year's theme for WED – **Go Wild for Life** – encourages you to celebrate all those species under threat and take action of your own to help safeguard them for future generations.
