# MINAMATA COP-4.2 EXECUTIVE BRIEFING

---

2 MARCH 2022 | 10.00 CET

## INVITATION

You are cordially invited to an executive briefing on the second segment of the fourth meeting of the Conference of the Parties to the Minamata Convention on Mercury (COP-4). The briefing is organized by the Minamata Convention on Mercury and the Permanent Mission of Indonesia, within the framework of the Geneva Environment Network.

Under the presidency of Indonesia, Minamata COP-4 is held in two segments: a first segment was conducted online from 1 to 5 November 2021 and a second segment is taking place in-person from 21 to 25 March 2022 in Bali, Indonesia. The side events to COP-4 are taking place online, from 7 to 11 March 2022. In-person regional preparatory meetings will be held on 19 and 20 March 2022.

Minamata Parties are fully gearing up to meet in Bali for the second segment of COP-4. The Minamata Convention Secretariat is working closely with the Indonesian government to ensure that safety becomes the main pillar of an event where concrete and tangible results are paramount.

At this executive briefing, the Minamata Convention secretariat will outline the items of the COP-4 agenda to be considered during the resumed session and provide an overview of logistical aspects such as the organization of work, practical arrangements, and other technical matters related to the participation in the in-person segment.
