

INVITATION

Exhibition

L'EAU DANS TOUS SES ETATS

Vernissage

12 May | 12:45 –13:30

Les quais de la Perle du Lac/Parc Mon Repos

Water is life. It is essential for health and nature. An appropriate management of water allows for more stable societies and sustainable ecosystems. Following the historical 2023 UN Water Conference, which took place from 22 to 24 March in New York, this exhibition hopes to bring to a wider public an understanding of international water cooperation. In particular, it will highlight actions that have been taken among actors from International Geneva and the European Union.

Opening remarks

Ambassador Lotte Knudsen, European Union

ILO Director General Gilbert F. Hougbo, Chair of UN Water

Ambassador Jamshed Khamidov, Tajikistan, co-host of the 2023 UN Water Conference

Ambassador Paul Bekkers, Netherlands, co-host of the 2023 UN Water Conference
