

Volunteer Opportunities – Geneva Forum 2026

Dates: 6–11 December 2026

Location: Geneva (Switzerland)

The Geneva Forum is seeking volunteers to support the organisation of its 2026 edition: an international event bringing together institutions, researchers, NGOs, field actors and citizens engaged in education, sustainability, peacebuilding, citizen science, impact-driven projects and impact finance.

Volunteers will contribute to the success and visibility of the Forum through various missions, including:

- Event logistics and coordination (welcome desk at Pregny gate and at the conference room, participant assistance, room setup)
- Communication and visibility (documentation, short written reports, statements or articles)
- Photography (overviews and portraits)
- Session support (technical assistance to moderators, managing materials)
- Selling subscription to networking diners
- Networking and outreach (liaising with participants, speakers and partners throughout the week)

Geneva Forum will be solely held in English.

Ideally, volunteers should be available for the entire week to fully experience and support the event's activities.

This opportunity offers a chance to join an international, multidisciplinary environment and take part in a major Geneva-based event promoting dialogue and cooperation for peace and sustainable development.

Interested candidates can contact us at un-att@osi-ngo.org or via WhatsApp: +33 7 87 88 64 69.
